PROFILE

To obtain a challenging Developer position where my creativity, problem-solving skills, and experience in developing engaging and user-friendly interfaces can be utilized to enhance user experiences and drive business objectives.

WORK EXPERIENCE

Junior Developer

Triyam Information Technology

Jun.2022 - Till Present

- The major Product named "FOVEA" developed by using HTML, CSS, JavaScript, C# and Sql server
- I re-designed the UI of the whole product by using css and bootstrap with the team of three developers
- Another Project name "Bulk Tool" developed by using windows form, c# and sqls erver
- I worked in Bulk Tool project more than 5 major feature in like bulk documents upload, bulk registration and mainly worked with rapid upload document and etc.
- The Bulk tool was connected with FOVEA data base by using connection string
- Completed the four production release without QA bugs
- Provide technical support for debugging and trouble shooting application issues
- Resolved test case problems through code handling by working closely with the QA team

Web Designer

Cross Hurdle Systems

Mar – Jun.2022

- Worked in two mobile app
- Worked here with the HTML, CSS and bootsrtap technologies
- Designed more than 20 pages
- Worked closely with team members and understand their needs and goals and translate them to effective design solutions
- Researched current trends in web design and implemented in projects
